Evaporative Cooler Incentive Application

Idaho Power Heating and Cooling Efficiency Program Terms and Conditions

Incentive Availability

Incentive qualifications and amounts are subject to change or termination at any time. Incentives will be processed on a first-come, first-served basis. Visit the program's Web site at www.idahopower.com/heatingcooling to determine incentive availability.

Incentive Qualifications

Qualifying efficiency measures and services may be found online at www.idahopower.com/heatingcooling. Efficiency measures can be installed in site-built single-family, multi-family, or manufactured homes in the Idaho Power service area. Incentives limited to one per household. Please refer to the program's Web site for details.

Qualifying Applicants

Residential customers of Idaho Power may qualify, as well as property owners and managers purchasing qualified equipment/services for residential rental properties served by Idaho Power.

Qualifying Equipment

All equipment must be new and purchased and installed prior to submitting an Incentive Application. Qualifications and services may be found online at www.idahopower.com/heatingcooling.

Application Details

Applications must include all information requested. Failure to provide this information may result in the delay or denial of the incentive. Idaho Power reserves the right to conduct random on-site inspections to verify information provided on the application.

Idaho Power issues incentives in the form of checks and not utility bill credits. Idaho Power is not responsible for equipment suppliers and contractors who provide inaccurate information about the amount and/or conditions of the actual incentive. Idaho Power will not pay incentives for equipment that is mislabeled or misrepresented regarding incentive qualifications. Households receiving incentives under the Idaho Power Heating and Cooling Efficiency Program may not receive incentives for the same equipment/service under another company program.

Incentive Limitations and Limitation of Damages

Payment of the incentive by Idaho Power does not guarantee the performance of qualifying/installed efficiency measures and does not guarantee that the qualifying/installed efficiency measures will deliver any specified amount of energy or cost savings. The customer shall independently evaluate any information related to the qualifying measure. Neither Idaho Power, its parent company, affiliates, subsidiaries, directors, officers, employees, agents, representatives, successors, assigns nor its contractors make any warranty, expressed or implied, or assume any legal liability or responsibility for the accuracy, completeness or usefulness of any information, estimated savings, benefits, products or processes, or service by trade name, trademark, manufacturer, or otherwise does not necessarily constitute or imply its endorsement, recommendation, or favoring by Idaho Power, its parent company, affiliates, subsidiaries, officers, employees, or its contractors.

The utility makes no representation of warranty, and assumes no liability with respect to quality, safety, performance, or other aspect of any design, system or appliance installed pursuant to this application, and expressly disclaims any such representation, warranty or liability. Applicant agrees to indemnify Idaho Power Company, its parent company, affiliates, subsidiaries, directors, officers, employees, agents, representatives, successors and assigns of each against all loss, damage, expense, and liability arising from any measures installed.
