

FREE Homebuyer's Kit!

See the difference in an ENERGY STAR® Home

Buying a new home? Request a Homebuyer's Kit to learn more about these features of ENERGY STAR homes:

- Proven to be 30% more efficient than standard construction.
- Certified by the Idaho Energy Division.
- Comfortable, quieter and more durable.
- Cost-effective to build and own.
- Access to preferred financing at participating lenders.

HOMEBUYERS: Download your Homebuyer's Kit at www.IdahoPower.com/EnergyCenter, or fill out and enclose this form with your Idaho Power payment and we'll mail a kit to you.

CONTRACTORS: Get more information about becoming an ENERGY STAR builder at www.NorthWestEnergyStar.com, or call Tim Clemens at (208) 830-1312.

Yes, send me a **FREE Homebuyer's Kit** with information about **ENERGY STAR® Homes!**

I understand this kit includes lists of ENERGY STAR builders and inspectors, home features and specifications, energy efficient mortgages, and frequently asked questions.

Please PRINT and enclose this form with your Idaho Power payment. Allow up to three weeks for processing. Thank you!
