

Not all **homes**
are created equal.

NORTHWEST

ENERGY STAR
HOMES

Only homes with the *ENERGY STAR*[®] label are built to exceed state code by builders who care about your comfort, your investment and the environment.

ENERGY STAR certified homes:

- Are more energy efficient than standard Idaho code homes
- Save energy and money
- Are healthier for your family
- Are quieter and more comfortable
- Are performance tested and certified by an independent third party
