

*Save money on your  
summer energy bills,*

*And help  
ensure reliable  
power for everyone.*

*Sign up today for  
Idaho Power's  
A/C Cool Credit program!*

**Join us today!** When you sign up, a switch box is installed near your air conditioning (A/C) unit. When energy demand is high, the device cycles your A/C off for a short period each half hour – usually between 3 and 7 p.m. Most participants notice little or no difference in temperature.

For participating in June, July and August, you'll earn a \$7 credit on your July, August and September bills.

**Find out more** and sign up:

1. online at [www.idahopower.com/accoolcredit](http://www.idahopower.com/accoolcredit), or
2. call 1-866-865-COOL (2665), or
3. return this form with your Idaho Power bill payment.

**Yes!**

Enroll me in the A/C Cool Credit program.

I have central A/C and live in Idaho Power's service area.
