Questions and Answers

Q So what is PreferredPay?

A PreferredPay is a way for your Idaho Power bill payment to be automatically deducted each month from your checking or savings account without you having to do a thing.

Q How will I know how much I owe each month?

A You'll still receive a statement each month showing you all the information a regular bill does.

Q How can I be sure the correct amount is being deducted from my account?

A Printed right on your monthly statement is the amount to be deducted from your account.

Q What if I find a mistake on my statement?

A If you have any questions after reviewing your statement, just call Idaho Power and we'll resolve them promptly.

Q When is the payment made?

A Automatic payments are made on the due date printed on your statement. We give you plenty of time to review your statement before your payment is deducted.
